## WORK EXPERIENCE

27 Years

AGE  
50

## ABOUT ME

Born and brought up in Kottayam a district in Kerala. Academics was completed in Kannur and the idea of learning vastu had been arisen from the background of my family. My family is having an early traditional culture of practising Vastu and other architectural activities including carpentry and that helped me to gather knowledge about vastu from the age of 10. And my further Studies were based on Vastu and Architectural designs.
